Setup the power foundation without the bed frame.

1. Open the box lid.

2. Take out all the accessories from the packaging and put them aside.

3. Install 4 legs.

4. Remove the bed from the box with a flipping motion, let the bed stand on the 4 legs.

5. Flip the foot end of the bed from the box and lay it on top of the head end.
6. Install the remaining 2 legs on the foot end of the bed. Uncoil the DC power cord (connected to the control box) and put it to the side of the bed.

7. Uncoil the AC power cord, connect the DC power cord to the power supply and then connect the power supply to the AC power source.

8. Install the mattress retainer bar one side after another.

9. Insert the batteries into the remote control.
Setup the power foundation with the bed frame and slat base.

1. Take the bed out of the box, put it on the slat base, do not install any legs. Uncoil the DC power cord (connected to the control box), pull the DC power cord towards the direction of the AC power source through either the bottom or the side of the bed frame.

2. Make the bed completely flat with a flipping motion.

3. Install the mattress retainer bar one side after another.

4. Uncoil the AC power cord, connect the DC power cord to the power supply and then connect the power supply to the AC power source.

Insert the batteries into the remote control.
5  Lift the head and foot end of the bed by remote control. Install the four stabilizer brackets as shown.

DONE!

Add Additional Leg Supports For Slat/Platform Bed Frames.
Support leg may be needed on some slat/platform bed frames, refer to the leg configuration table for height adjustment.

Parts List

All electronics and components that needs to be installed are located in boxes under the foundation or attached to the frame. Before discarding the packing materials, ensure that all the parts are accounted for.

INCLUDED WITH POWER FOUNDATION

- (1) Remote Control
- (1) Power Supply with Battery Backup Box
- (1) AC Power Cord
- (3) AAA Batteries
- (1) Sync Cord (TXL Only)
- (1) Mattress Retainer (1 Bar 2 for King)
- (4) Stabilizer Brackets
- (8) M8*16 Bolts
- (8) Washers
- (8) ST4.2×16 Screws
- (6) Adjustable Legs

OPTIONAL EQUIPMENT (NOT INCLUDED)

- Socket and Wrench 1/2” (13 mm)
Synchronizing Two Foundations

If simultaneous operation of two foundations is desired, use the sync cord to connect the electronics of both foundations together.

STEP 1: Unplug foundations from the power source.
STEP 2: Connect the male ends of the sync cord to the female sync plugs of the control boxes (Refer to below illustration).
STEP 3: Plug foundations back into the power source.
STEP 4: Check to ensure all cords are securely attached. Either remote will operate both foundations simultaneously.

**UNDERNEATH LED LIGHTING**
- One touch underneath LED lighting on/off.

**ONE TOUCH BUTTON**
- One touch flat position.
- One touch ANTI-SNORE preset position.
- One touch TV preset position.
- One touch ZERO G preset position. ZERO G adjusts your legs to a higher level than your heart, helping to relieve pressure of the lower back and promote circulation.
- One touch programmable positions.

**ADJUST**
- This button lifts the head/foot section of the foundation.
- This button lowers the head/foot section of the foundation.

**Sync Plugs**
- Sync Plug
- Sync Cord

**Control Box 1**
- AC Power Cord
- DC Power Cord
- Power Supply
- USB Power Cord
- LED
- Remote Control

**Control Box 2**
- AC Power Cord
- DC Power Cord
- Power Supply
- USB Power Cord
- LED
**Pairing Remote**

The original remote that comes in the box is already paired to the foundation. No further action is required. In the event when the remote is not paired with the foundation, follow the following to pairing instructions.

**STEP 1:** Make sure the batteries are good. Replace them when needed.

**STEP 2:** Unplug the power cord from the power source. If 9V backup batteries were installed in the power supply, remove them.

**STEP 3:** Press and hold **HEAD** and **FOOT** simultaneously until the blue backlights of the remote control are off.

**STEP 4:** Plug the power cord back into the power source. You will hear an activation sound in 2 seconds, indicating the remote is paired to the power foundation.

**Setting Programmable Position**

**STEP 1:** Adjust the head and foot to your desired position.

**STEP 2:** Press and hold **LED on/off button** first, then press and hold one of the picture programmable buttons for 5 seconds until you hear a beep sound. The position is then saved.

**STEP 3:** To adjust a saved position, repeat step 1 and 2 and the new position will be saved.

---

**Headboard Bracket Installation Guide (Optional)**

Headboard brackets are optional and not included. A 1/2” (13 mm) socket and 1/2” (13 mm) wrench are required to complete the installation.

### HEADBOARD BRACKET COMPONENTS

<table>
<thead>
<tr>
<th>(2) Headboard Brackets</th>
<th>(2) T-Brackets</th>
<th>(8) M8*16</th>
<th>(4) Nuts</th>
<th>(4) Washers</th>
</tr>
</thead>
</table>

**STEP 1**

- a) Align the slot hole of the headboard bracket to the sleeve into which the leg threads. **DO NOT OVERTIGHTEN.** Too much force may damage the thread.

- b) The headboard bracket has 2 adjustable slots to accommodate any frame type. Use the bolts and Washers to secure the bracket. Make sure the bolts are tight.

**STEP 2**

- a) To put the T-Bracket and Headboard Bracket together, you will need (2) M8×16 bolts and (2) nuts. Slip the bolts through the holes from T-Bracket to Headboard Bracket with the head of bolt facing outward. Use the 1/2” (13 mm) socket and 1/2” (13 mm) wrench to tighten the bolts.

**STEP 3**

You may now connect your headboard to the attachment plates using the remaining short bolts and nuts to secure it to the brackets. The heads of the bolts will face outward. Use a 1/2” (13 mm) socket and 1/2” (13 mm) wrench to tighten the bolts.
Bedgear Mobile APP (Optional)

General Information

Bedgear Mobile APP is a mobile application to control the Bedgear Power Foundation with mobile devices. The application is available for both iOS and Android based smart devices.

The Bedgear Mobile APP uses the latest technology to communicate with your Bedgear Power Foundation. Make sure your mobile devices needs to have the pairing function for the APP to work correctly.

Install the Bedgear APP

IOS

* Open APP Store on your IOS device
* Tap the Magnify Glass Icon and search with the keyword bedgear
* Tap on GET and INSTALL to install the APP
* Wait for the download/installation to be complete

Android

* Open www.bedgear.com from your browser.
* Scroll down to the bottom of the page and press download.
* In the download page, tap the download button to download the app.
* Open the downloaded file and install the app.

The Built-in Owner’s Manual at your fingertips

Device Pairing

Before you start. Switch on the pairing function on your mobile device. Make sure your Bedgear Power Foundation is correctly connected and is power-on.

The Bedgear APP will automatically pair your Bedgear Power Foundation once you start the APP and does not require additional settings.

Bedgear APP Home Screen

Bedgear APP Remote Control

* Remote interface varies in between different Bedgear Power Foundation models. If you wish to disconnect from the current paired Power Foundation, Enter the Settings Page and tap the Disconnect button.
